Blue Eagle to Fly Four Months Longer

The following proclamation has been issued by the Selectmen at the request of the N. R. A. administration.

TOWN OF ARLINGTON

By the

Honorable Board of Selectmen

A PROCLAMATION

President Roosevelt has decreed that the Blue Eagle shall continue to fly during the first four months of 1934.

It has been expected that all industry would be under permanent codes by this time, but the great amount of detail necessary to put these codes into effect leaves some 30% of the businesses of the country awaiting formulation of permanent codes.

The continuation of the President's Re-employment Agreement, and with it the display of the Blue Eagle for the next four months is, therefore, a necessity.

We particularly ask the assistance of the consumers who, from the beginning, have been the back bone of the N. R. A. program. Their pledge to favor concerns displaying the Blue Eagle has been the great power behind it.

This cooperation is much to be desired, and we hope the residents of the Town of Arlington will give this continued cooperation.

Selectmen of the

Town of Arlington

—Edward T. Ryan, chairman of the Board of Public Works, has announced that he will be a candidate for re-election in March.

John J. Fitzgerald, Chief Engineer of the State Civil Works Administration Board, complimented the town of Arlington in an interview with Selectmen Arthur P. Wyman, Leonard Collins and George H. Lowe, Jr., at the State House during the early part of this week. Mr. Fitzgerald stated, "As a result of a report received from the Chief Inspector we have given Arlington a one hundred per cent rating on Civil Works Administration projects." He further stated "that it was a pleasant relief to find a municipality such as Arlington doing such a fine job where so much trouble is being experienced in other cities and towns throughout the Commonwealth."

The Chief Inspector of the State Civil Works Administration spent last week in Arlington and interviewed nearly three hundred and twenty-five men, checked all records and distributed the salary checks to the men employed.

Arlington was very fortunate in having an unemployment office already established prior to the adoption of the Civil Works program by the Federal Government, and it has helped a great deal in expediting the work.

Mr. Fitzgerald congratulates the Board of Selectmen, James M. Keane, Town Engineer; Neil S. Peters, Executive Secretary of the Unemployment Committee, and Clifford W. Cook, Welfare and Soldiers' Relief Agent, and all others who have helped in this great movement of relieving unemployment.

At the present time there are three hundred and fifty-two persons on the Civil Works Administration payroll in this town, viz: an office force of eight people, eight timekeepers, one insurance investigator, and three hundred and twenty-five men who are working on the following projects:

Summer and Appleton streets, widening; Forest Park, cleaning brush; Arlmount street, sewer and water extension; Wellington Park playground, grading; Harold and Berkeley streets, sewer extension; Dickson Swamp, mosquito eradication; Lake Shore Drive, sewer extension;

Insurance Brings Hoarded Money to National Bank

The Arlington National Bank is in the temporary insurance fund of the Federal Deposit Insurance Corporation. This means that its deposits are insured up to \$2,500.

One of the purposes of providing this insurance was to give a feeling of security which it was hoped would bring into the banks money that had been hoarded. There is evidence that this purpose has already been accomplished locally for the National Bank has received deposits of gold and old bills.

Boy Scout Drive To Start Monday

The annual drive for funds to carry on the Boy Scout movement in Arlington will start next Monday, January 15, when more than 175 men interested in keeping Scouting alive in this district will cover the town soliciting aid.

This drive in Arlington is a part of the council drive now being made in all the 8 towns and cities under the jurisdiction of Sackheim Council. Several of the other towns have already completed their drives with excellent results.

The town has been divided into 7 districts. Each district is in charge of a District Leader with 4 or 5 teams under him, each team consisting of a captain and 5 or 6 workers.

The drive will be run on the intensive plan, all soliciting being done and the drive completed in 5 days.

Monday evening at 6 o'clock all the members of the drive will have supper at Wyman's, listen to last minute instructions from Kenneth Morse, chairman of Sackheim Council Finance Committee and Russell P. Wise, chairman of the Arlington Finance Committee. Bancroft Beasley, president of Simmons College and a member of the Sackheim Council Executive Board, will give a short "pep talk", after which the teams will be handed the cards of people they are to call on and will at once start their visits.

These men make up the organization which will put on the drive: chairman, Russell P. Wise; vice-chairman, George B. C. Rugg; leader of district 1, (Precincts 1, 2, 3, 4), William A. Burwell, captains, A. L. Atkins, A. C. Woodward; leader of district 2, (Precincts 5 and 7), Harold A. Publicover, captains, Henry Welsh, David Wade; leader of district 3, (Precinct 6), John O. Matthews, captains, Mortimer H. Wells, John K. McCormick, David Wilcox; leader of district 4, (Precincts 8 and 10), Herman Gammons, captains, A. W. Platin, Ralph M. Simonds; leader of district 5, (Precincts 11 and 13), Chester R. Whitman, captains, Leroy G. Shaw; leader of district 6, (Precinct 9), John S. Crosby, captains, Richard French, Ernest Heselton, Jr., Fred Miller; leader of district 7, (Precincts 12-14) J. Howard Hayes, captains, George W. Greenlaw, Warren A. Bean, W. C. Adams.

Business Normal Says Cooperative Treasurer

Business in the Arlington Cooperative Bank is normal now, according to the treasurer, Walter Chamberlain, except as regards those who are having difficulty in keeping their homes. This difficulty, Mr. Chamberlain believes, is one that time will straighten out.

In October and November there was a greater stimulus of new accounts and new business than for some time. In December, as is usual, there was no great activity. However, since the beginning of the year business has picked up again and there are new accounts and new loans being made, while withdrawals are negligible.

Money is placed in the cooperative as payment on shares, not as deposits and they do not come under the Federal Insurance Act. There is, however, a bill before the state legislature which provides for a fund to be placed in a Co-operative Central Bank for the guaranty of shares in the co-operative banks of the state. This measure is believed by officials

PRACTICALLY ALL RESERVED SEATS SOLD FOR CONCERT

To be Held in Town Hall Sunday Afternoon.

Practically all of the reserved seats are already sold for the concert which the Community Symphony Orchestra will give in Robbins Memorial Town Hall Sunday afternoon. Tickets have been sold during the week to senior and junior high school pupils for twenty-five cents and this sale will be continued at the door.

The orchestra, numbering more than sixty, all but sixteen of whom are Arlington residents, will open its program with Meyerbeer's Coronation March from "The Prophet". There will follow the Lohengrin Prelude, which is not only one of the finest examples of ethereal music but which has the violin parts beautifully interwoven. In MacDowell's Concerto, Number 2 in D Minor, the piano soloist will be John Gruber who has played the concerto so many times that its technical difficulties are thoroughly subordinated to his interpretation.

Beethoven's First Symphony, which is the last number on the program, was called, when it was first performed, "The boisterous noises of an impetuous youth". Now it is recognized as a true predecessor of his more famous symphonies.

Carl Gardner is chairman of the orchestra committee; Leonard Wood, conductor; George Livotti, concertmaster; Edward Powell, woodwind, and August Mazzocco, brass. The orchestra is sponsored by the Woman's Club. Its president is Miss Grace Gordon Pierce; vice-president, Mrs. Carolyn B. Reed; secretary, Mrs. Horace H. Lester; treasurer, John A. Bishop, and directors: Edward S. Fessenden, Carl E. Gardner, Mrs. Edwin L. Allen, Mrs. Katharine W. Lacey, and Leonard Wood. To the Advisory Council has been added the name of Mrs. J. Q. A. Brackett, while Harry Tinkham is an honorary member. Mrs. Harrison L. Evans is ticket chairman.

The orchestra personnel is as follows: violins—G. Livotti, M. McCarty, V. Carleton, H. Cartullo, O. Harris, V. Yaglian, H. Mazzocco, D. O'Neill, C. Woods, N. Freeman, J. Gallo, E. Landers, V. A. V. N. A. Starts Plans For Its Annual Drive

At the meeting of the executive Board of the Arlington Visiting Association, plans were made for the annual drive which will start the first week in April. Mrs. M. Norcross Stratton heads the committee in charge of the drive.

Plans were also made for a bridge to be held in Robbins Memorial Town Hall some time in February. Mrs. W. C. Drouet heads this committee.

The board would be glad of donations of articles useful in sickness. There is particular need at present of old linen, bed pans, air cushions, and sponges.

FIRE DESTROYS HICKS HOUSE ON PLEASANT ST.

Firemen Save Property of Roomers in Front of House. Rear a Total Loss. Insurance Paid Mrs. Colman.

Services Held Sunday For Accident Victim

Funeral services for Mrs. Maria A. Frost, the widow of Joseph Frost, were held Sunday afternoon at the Hartwell Funeral Chapel, 792 Massachusetts avenue, with Dr. Barnes of the Christian Advent church in Somerville, officiating. Burial was in the family lot in Mt. Pleasant cemetery.

Mrs. Frost, who had been a resident of Arlington for sixty years, died last Friday noon at the Symmes Arlington Hospital from injuries received the night before when she was struck by an automobile.

She was in her seventy-eighth year and was born in Gloucester, the daughter of Mr. and Mrs. Henry Tarr. Surviving her are two sons, Arthur Frost, who is in the consular service in India, and J. Francis Frost, with whom his mother lived at 98 Oxford street.

The accident occurred on Massachusetts avenue at Henderson street. Mrs. Grace D. Curry of 76 Hillside avenue, who was driving the automobile, and a companion were watching from either side of the car in an effort to see through the sleet anyone who might be in the street. Mrs. Frost seemed to "appear from nowhere," so suddenly that though Mrs. Curry spun her wheel, there was no chance of avoiding her and she was struck by the right fender. Mrs. Curry has been charged with manslaughter and driving so as to endanger. The case is expected to come up in the Cambridge court on the 22nd.

Menotomy Stockholders Hold Annual Meeting

The annual meeting of the stockholders of the Menotomy Trust Company was held on Tuesday. The following officers were elected: president, James A. Bailey; vice-presidents—Eben F. Dewing and Frederick W. Hill; directors—Edward H. Bailey, James A. Bailey, John A. Bishop, Eben F. Dewing, Thomas J. Donnelly, Harold L. Frost, Henry C. Guernsey, Frederick W. Hill, Michael F. Lane, M. Ernest Moore and George O. Russell.

—Miss Bernadine Brooks entertained the Varla Study Club at her home on Claremont avenue Monday evening. Dr. Olive Cooper of the State Department of Hygiene was the speaker.

The house at 128 Pleasant street, known as the Samuel T. Hicks house, and used by Mrs. E. H. Colman as a rooming house, was destroyed Wednesday night by a fire which called out firemen from five neighboring towns as well as from Arlington, and filled the Centre with clouds of smoke. The fire started in the servants' quarters in the cellar from a cause that has not been determined, but not, it is thought, from defective wiring, as that had been inspected by the Edison Company.

The occupants were at dinner in Mrs. Colman's house across the street when Mrs. Mary Lewis looked out of the window and saw smoke coming from the house. The alarm was sounded and those who lived in the house rushed across to rescue what they could. By tying towels over their faces they managed to go in and get their pocketbooks.

Within fifteen minutes a second alarm brought apparatus from Medford, Somerville, Lexington, Cambridge, and Belmont. The firemen, working under the direction of Chief Daniel B. Tierney, were lighted by spotlights from the service truck. Holes were cut in the slate roof and the flames and smoke that spouted through them were quickly deadened by the water played through the hoses. The fire was particularly hard to fight because it had gotten into the walls.

The firemen, however, did splendid work. In the rooms at the front of the house, they moved the pieces of furniture close together and covered them to protect them from the water. In this way some of the personal belongings of the occupants were salvaged. The rooms at the rear of the house were, however, totally destroyed.

The house was insured and yesterday morning the loss was settled to the full amount of the policy through the offices of Geo. V. Wellington and Son, Inc. Unfortunately the belongings of some of the tenants were uninsured and are a total loss.

Mrs. Colman took care of her guests in her other house, whose occupants were very generous in sharing with them in every way possible.

Among those made homeless by the fire were Miss Elizabeth Newton, librarian emerita of the Robbins Library; Mr. and Mrs. Frank H. Hubbard, Miss Grace Fretsch, Frank Preston, the Misses Beesie and Mary Johnson, Mr. Perkins, Miss Palmer, and several house servants.

The house was built almost a hundred years ago by William Warren who had made a great deal of money in West Indies. It had the mansard roof, which was so popular at that period, but was two instead of the more usual three stories. Mr. Warren sold the house to David Horton, a brother of the first pastor of the Orthodox Congregational church, who in turn sold it to James R. Bayley. Mr. Hicks purchased it of him and greatly improved it.

By means of the two-way radio with which Officer Al Zwick has equipped one of the police scout cars, the police were able to keep in touch with headquarters all during the fire.

Kamerad!

Our Hands Are Up! We received a number of compliments on the ad which was inserted in the Advocate last week, calling your attention to the prompt service rendered by this office following the fire at the Tappan Homestead. We had not contemplated a similar ad for this week. It appears, however, that a fire seriously damaged the well-known Colman property on Pleasant Street last Wednesday night. We wish to report that this loss likewise has been satisfactorily settled within 24 hours of the origin of the fire.

To-day your insurance policy is but a casual contract. Tomorrow it may be a document of tremendous importance. Unfortunately some of the tenants failed to protect their goods with insurance.

The reputation of this agency, established thru 100 years of writing policies for Arlington property owners, stands or falls on our ability to keep you from money loss caused by fire.

Put **sure** in your insurance — insure with a qualified agent.

Holy Cross Glee Club Concert Next Friday

Plans have been completed for the appearance of the Glee Club of Holy Cross College in a concert at Robbins Memorial Town Hall next Friday evening. The concert will be sponsored by the Arlington Teachers' Club.

As the most outstanding unit in the musical clubs of Holy Cross, the glee club has won wide recognition in musical circles under the able direction of its dynamic leader, Professor J. Edward Bouvier, M. A. On November 26th, this vocal group appeared in a joint recital with the noted tenor, John McCormack, in Worcester's new auditorium and received the enthusiastic applause of a capacity audience and numerous critics who expressed surprise at the high musical achievement displayed by this college group. The glee club is unusually well balanced this season, and offers a diversified program of selections that compose a most enjoyable and appealing program.

Karl Rohde's well known orchestra will furnish music for dancing following the concert.

"The Everlasting Hills" Interesting Lecture Topic

"The Everlasting Hills" was the topic of an interesting lecture, one of the series of lectures on science sponsored by the three Centre churches, which was given Sunday evening at the Orthodox Congregational church by Prof. Lincoln R. Thiesmeyer of Harvard.

Prof. Thiesmeyer was introduced by Thomas Pitre of 26 Venner road, assistant dean of Massachusetts Institute of Technology. He described the geologic eras in which the hills and mountains were formed and the several methods of formation, such as upheaval, resulting from earth crust pressure; erosion; the piling up of lava from the interior of the earth; disintegration, leaving only the hard central core, and glacial pressure, which left only the more resistant material. As an instance of this he gave Mt. Monadnock.

New to many of his hearers was the fact that wind will not wear away a surface unless it carries with it particles of dirt, nor will clear water erode. If it is to wear away rock it must carry with it silt.

The Scottish Highlands, said Mr. Thiesmeyer, are older than the Sierras and Rockies, while these are older than the Alps. In fact, the Alps are comparatively youthful, having been formed during the Ice Age. Among the many pictures, both stills and movies, one of the sand dunes, showing the formation of hills by the winds, was especially interesting.

Rev. Laurence L. Barber, minister of the Orthodox church, presided. Scripture was read by Rev. Rubens Rea Hadley of the Universalist church, and prayer offered by Rev. John Nicol Mark of the First Parish church.

LATEST BEAUTY METHODS AT BETTY LEE BEAUTY PARLOR

Although the year 1933 has passed and the year 1934 is twelve days old, women are still giving serious thought to beauty. And there is no place in town where beauty is better taken care of and stimulated than at the Betty Lee Beauty Parlor, 729 Massachusetts Avenue (upstairs). Permanent waving and finger waving are specialties of the Betty Lee Beauty Parlor. The natural softness and lustre of the Keene permanent wave defies nature's own handiwork. The well-groomed woman will want one of these permanents to help her through the coming months. Facials, according to a desired method, may be obtained at the shop. Last, but not least, and what really should come first, is the shampoo. Hair cannot be at its best unless it is entirely free from dust and oil, so, to have your curl look its best, get a shampoo first. You will be excellently taken care of in every beauty aid or treatment that you receive at the Betty Lee Beauty Parlor. Telephone Arlington 2600 for an appointment.

Winter driving needs filled at Myron E. Higgins' Arlington motorists will find their winter driving needs filled at Myron E. Higgins', in the rear of 1195 Massachusetts Avenue, and a word of friendly advice from Mr. Higgins, veteran auto mechanic, is to keep brakes working right during the cold weather when streets and pavements are slippery with ice and snow. Alcohol to keep the radiator from freezing and other needs will be found at this shop which does general repairing on all makes of cars. Battery recharging, fender and radiator repairing and greasing are also featured at Myron E. Higgins', which is a good place to send one's car when something goes wrong, because there are experienced mechanics ready to do the work right for a reasonable charge. Winter driving exacts a heavy toll from the motor and engine and it is important that the car be kept in the best possible condition so that breakdowns will not occur when least expected and under conditions which may be inconvenient and distressing. A careful tune-up now and then will tend to make winter driving not only more enjoyable but safer.

WINTER AUTO DRIVING NEEDS AT MYRON E. HIGGINS'

—The Story Hour in Junior Library Hall was resumed last Saturday morning after the Christmas holidays. Miss Thelma Britton, children's librarian, told two stories from the Shoemaker's Apron by Parker Fillmore—"Budulinek" and "Kurako the Terrible"—and "Ting-a-Ling's Visit to Turalila" by Frank Stockton.

Major Judson C. Hannigan spoke interestingly on "Education for Good Citizenship". Miss Louise Tierney entertained with readings and James Powers, accompanied by Miss Phyllis LaMothe at the piano, with solos. At the close of the program the fathers were asked to come forward and to serve the refreshments.

URSULA BURKARD WINNER OF GOOD HANDS TROPHY
Eleven-year-old Ursula Burkard, the daughter of Mr. and Mrs. Ralph F. Burkard of 55 Hutchinson road, is receiving the congratulations of her friends on winning the Good Hands competition, which was the feature of the afternoon at the Commonwealth Armory horse show last Saturday afternoon. Ursula, who has been in the saddle only six months, made a brilliant major show debut. She handled her mount, Jack-in-the-Box, in such veteran fashion that she defeated twenty-nine exceptionally clever rivals. Her victory entitles her to compete as a representative of Boston in the same type of competition in the National Horse Show next fall. Ursula also won the blue ribbon in the junior riding class. Because of this victory her name will be inscribed on the trophy, a large silver cup. This will be taken back to New York. At Madison Square Garden next fall she will have an opportunity to compete again in the same class. The cup goes to anyone winning it three times in succession. The Arlington girl's victory is spectacular because both trophy and blue ribbon are usually carried off by older girls and because she has owned Jack-in-the-Box only since Christmas and it is the first time he has been exhibited. He was fractious at times and was beautifully managed by his small mistress. The young horsewoman is a pupil at Marycliff Academy. Her nine-year-old sister, Elise, also rode in the show.

Arlingtonians buy the Advocate because they want it and read it because they buy it.

Major Hannigan Guest Speaker at Brackett P. T. A.
The Brackett School Parent-Teacher Association enjoyed a Fathers' Meeting Wednesday evening. The program was arranged and conducted by the fathers of the association with Joseph Bevins as chairman.

STORM WINDOWS, DOORS SAVE HOMES FROM COLD

While there has already been a great deal of cold weather early this winter, there may still be many cold days ahead and it is the wise homeowner who equips his home with storm doors and windows to keep out the cold and save on the fuel bill. Noticeable savings are made when the home is equipped with storm sash, as many have found from experience. The equipment makes the home more comfortable regardless of weather conditions existing outside. Cold drafts are not to be found in the home that is so equipped and the owners will testify that storm sash is worth its cost many times over. Blustery weather may be expected for a few months more, and it will pay to be prepared for it when it arrives. Protection to woodwork, and curtains is also afforded by storm windows, as they keep out soot, smoke and moisture. The Arlington Shade & Screen Company of 1293 Massachusetts Avenue, makes storm doors and windows to order. They desire to give the best in service, regardless of the size of the order. No matter what its size, prompt attention will be given to it. Window shades and screens are also manufactured by the Arlington Shade & Screen Company. They specialize in cabinet work and jobbing. A. R. Griffin, formerly associated with the Chapman Shade & Screen Co., is salesman for the Arlington Shade & Screen Company.

There is not much masonry work being done in the winter time as a general rule, but Fred Stocker, mason contractor, has few idle minutes. There are chimneys to be fixed, fireplaces to be looked after and cellar walls to be pointed up. There are always some people who neglect these things, and this season of the year finds them in need of mason work to put their homes in proper condition for the remainder of the winter. Mr. Stocker specializes in the making of fireplaces. Fireplaces have not "gone out", and more than ever, the past few years, people who are building new homes insist on having the cheery warmth that only the ruddy glow upon the hearth can bring. There is nothing in the world quite so pleasant as a crackling log or coal fire with its dancing picture forming flames building castles of dreams on a cold winter's night. Brick work of all kinds and the laying of tile floors are branches of Mr. Stocker's business. He is located at 43 Park Avenue, Arlington Heights.

FRED STOCKER DOES MASONRY REPAIR WORK

There is not much masonry work being done in the winter time as a general rule, but Fred Stocker, mason contractor, has few idle minutes. There are chimneys to be fixed, fireplaces to be looked after and cellar walls to be pointed up. There are always some people who neglect these things, and this season of the year finds them in need of mason work to put their homes in proper condition for the remainder of the winter. Mr. Stocker specializes in the making of fireplaces. Fireplaces have not "gone out", and more than ever, the past few years, people who are building new homes insist on having the cheery warmth that only the ruddy glow upon the hearth can bring. High School Girls Beat Alumnae at Basketball

The girls' high school basketball team defeated the Alumnae team in the first game of the season with a score of 34-20, in the high school gym last Friday.

After the first throw-in, Johnson, jump center for the high school, passed the ball to Hart, but Toye intercepted the pass and the ball was thrown out of bounds. Hart picked it up and with a quick forward pass threw to Swanson, who dribbled past Parks and passed to Hart. The first tally for the High School was made and the others followed in quick succession.

Hart scored all the points with her fast shots for baskets in the first half. The guards were kept on their feet all during the game, attempting to stop this speedy forward.

Donnelly and Keane played well as a forward team for the Alumnae. Williams and Rimbach, their two tall guards, kept them well in hand, however, their tallness making it harder than ever for the forwards.

During the second half Swanson picked up and started scoring basket after basket, while Dot Parks stepped in and guarded her as diligently as possible. Swanson took the place of Helen McCarty in the lineup because Helen was ill.

O'Sullivan and Johnson, the High School centers, played their best against Pete Goodman, veteran basketball player, and Helen Cartullo. They again put to use their last year signals for rapid and catchy passing, keeping the ball out of the enemy's hands.

Because in the first game of the season it was such a success, the team is expected to be a winning team during the rest of the season.

The summary:

ARLINGTON—K. Hart, rf; C. Swanson, lf; E. Johnson, jc; M. O'Sullivan, sc; M. Williams, rg. ALUMNAE—L. Donnelly, rf; B. Keane, lf; H. Cartullo, jc; P. Goodman, sc; M. Toye, (capt.), rg; D. Parks, lg.

Second Team Losses

The second team played an exceptionally fast game even though it lost, 32-18, to the Alumnae second team. Several of the second team High School players filled in on the second team of the Alumnae.

The second team game was another victory for Chelsea, the score being 25-9.

Red and Gray Beats Rindge Tech at Hockey

Arlington defeated Rindge Tech hockey team at the Boston Garden last Saturday, 4-1, to go into a second place tie with Newton.

Arlington didn't get going until late in the second period. Jackie Callahan gave Rindge an early lead in the first period when he stole the puck from Byrne behind the Arlington goal, skated off to the left corner and sent the puck whistling by Sakoiian, four minutes, fifty-four seconds after the opening whistle.

Falling to score by any other means, Arlington resorted to a four-man offense, sending Captain Bill Collins, burly defense man up the ice. With the second period more than half over, this manner of attack brought results. Sullivan took the puck from Byrne and sent a bullet-like drive past Kramer to tie the score.

The second goal was scored by Jobie Lax by more or less of a fluke. Collins carried the puck down the center lane, passing to Lax at his right, then took a stand in front of the goal. Lax shot out from behind the goal and the puck caromed off goalie Kramer's stick into the net. A few seconds after this goal the second period closed, with Arlington leading, 2 to 1.

In the third period Arlington continued the good work by scoring two more points. Byrne carried down the ice, passed to Sullivan, then picked up a loose puck and beat Kramer with a steamy lift. Ten seconds later, Norberg picked up a Mee rebound and slipped in the final goal of the game. The summary:

ARLINGTON—Mee, Byrne, Spina, rw; Lax, Gardella, O'Connor, c; Norberg, Sullivan, Teeley, lf; Collins, rd; Lane, O'Sullivan, ld; Sakoiian, Kingman, g.

RINDGE TECH—Souza, Skinner, D'Amico, lw; Desrosiers, Collins, c; Callahan, Souza, Langwell, lf; Rico, ld; Donabed, rd; Kramer, g.

Score—Arlington 4, Rindge Tech 1. Goals—made by Callahan, Sullivan, Lax, Norberg, Byrne. Referee—Cleary and Mahoney. Time—three 12m periods.

HIGH QUINTET NOSES OUT EVERETT, 20 TO 17

Displaying more strength than in their previous game, the Arlington High basketball team nosed out Everett High, 20 to 17 at Everett last Wednesday.

Arlington jumped into an early lead in the first quarter. Clarke started at forward but shifted back to guard at the end of the first period. At the half, Arlington led by the score of 14 to 9.

All the Arlington scoring was made by Clarke, who gained eight points; Shields, who tied Clarke for points, and Captain Adams, with four points. Clarke would probably have rolled up more points but he was banished from the game in the final quarter for having four personal fouls against him just when he has on a scoring streak.

ARLINGTON A. A. BEATS POWERFUL HIGHT A. C.

Resuming basketball relations after a lapse of a year, the Arlington Athletic Association and the Hight A. C. of Somerville played one of the most hectic and roughest games ever seen in the High School gym, with the Big Red team overcoming the enemy by a 66-49 score.

Dines Driscoll was the works in the first half, with 18 points for Arlington and he did not overshadow the rest of the team with their clever passing and floor work.

Donahue and Galucci teamed up in the third period to give Arlington a little lead and then Friery and Goodwin began popping them in just as soon as the forwards received the attention.

The half score was 32 to 24. Arlington, and the third period saw Arlington increase this lead to 48 to 32. The last period was a torrid struggle with everything going, when the Arlington boys were found to possess plenty of fight. This marks the eighth consecutive victory for the Big Red.

The Cardinals Win

Playing their customary passing game with brilliant shooting, the Arlington Cardinals, junior edition of the Big Red, defeated the Pioneer A. C. of Somerville in a preliminary game. The final score was 44 to 17. The game was fast and with Teehan and Lionetta teaming up to good advantage, the Cardinals took a commanding lead in the first period and were never headed.

Eagle Badges Awarded to Four Troop 10 Scouts

The award of Eagle Scout Rank, the highest step in the Boy Scout program, was made Friday night to Gordon Anderson, Fred George, Ralph Myerson, and Robert Teter of Troop 10, Calvary Methodist church, Arlington, by Dr. Franklin P. Hawkes, chairman of the Sachem Council Court of Honor.

Scoutmaster Philip W. Alsen received a Scoutmaster's Key from Scout Commissioner John J. Vantura. These awards featured the fifth anniversary celebration by Troop 10. A Scoutmaster's key is given to a man who has served for five years as Scoutmaster of a Troop and who has completed a series of training courses in Scoutmastership including the Elements of Scoutmastership, the Principles of Scoutmastership, First Aid, and two other courses on leadership as well as having spent two weeks with his Troop in camp.

Troop Committee members were also suitably recognized by the presentation of Five Year Veteran pins to Wathen B. Henderson, Ellsworth Munro and Assistant Scoutmaster Harold Burgess, and a pin for ten years' service in Scouting to Troop Committeeman Minot Edwards. These awards were made by four Scouts who, during the past year, have completed four years of Scout service—Harold Clarke, Senior Patrol Leader, and Patrol Leaders George Hill, John Libby and Robert Horne.

A Star Scout Badge was presented to Walter Godfrey and Second Class pins to Robert Theall, Donald Robinson, Elmer Augustus, Lawrence Freeman and George Hobbs.

Charter for another year was presented to Calvary Methodist church by Warren J. Guild, a member of the Council Organization Committee.

Senior Scout Ralph Myerson opened the meeting with a welcome to guests including many parents, visiting scout officials and members of the church.

Junior East Quintet Defeats Junior West

The Junior High East quintet defeated the Junior High West team, 24-12, last Friday at the East gymnasium. The game was fast and cleanly played, the West showing more basketball than the score indicated.

The work of Ryan and Oliverio of the East was exceptionally good. Clever handling of the ball and accurate passing and shooting was shown by them.

Greeley and Glennon starred for the West. Greeley's shooting and Glennon's defensive work featured for their team.

First Baptists Win in Senior Division Game

The First Baptist Seniors defeated the Arlington Pals last Monday at the Junior High East gym, 32-25, in a senior division league game. The game was enlivened by a fist fight between Quinn of the Pals and Simonds of the First Baptist. Simonds was banished from the game as a result.

The game was filled with action, both teams showing an equal amount of strength. The game was hotly contested all the way, until in the last few minutes to play the First Baptist quintet scored a few baskets to clinch the game.

The Fab Juniors were defeated by the Cardinals, 52-9, and the Arlington A. Juniors were defeated by the Pirates, 25-22.

High School News

The semester dance which was to be held by the Seniors for the purpose of paying the additional expenses of the Year Book did not take place. The amount of money acquired from the sale of the tickets was not enough to cover the expenses of the dance.

A meeting of the Girls' Club was held last Friday for the purpose of discussing a list of questions each girl had answered at a previous meeting.

The meeting was conducted by Ruth Ellis, president of the Club, and she took up each question comparing the answers with one another. Mrs. Moffat entered into a lively discussion with the members of the club on several of the questions.

As yet no immediate plans have been made for the Girls' Club supper, but the Social Committee has been discussing plans with Miss Penneil and Mrs. Moffat as to the best entertainment for the proposed supper.

**Winter Camping**

Several girls from different troops have signed up for winter camping Saturday. From troop 11, Captain Bond, a whole patrol has signed up for instruction in fire prevention and fire-building. Lieutenant Beryl Sullivan will take charge of the outdoor cooking requirements for the cook's merit badge.

The Belmont Hill School bus is to be used this season for transporting the Scouts to and from the camp. The bus will leave the corner of Pleasant street at 9:30 and go to the corner of Park avenue at the Heights, returning from Cedar Hill at 3:30.

Scouts are to bring a lunch. Hot cocoa will be served at noon this week. Everyone must be properly dressed for winter camping and rubbers or heavy shoes are essential at Cedar Hill.

The captains' course now being given every Saturday at Cedar Hill under the State organization offers detailed instruction in map-making for January 13. Any leader is welcome to attend these Saturday courses and four sessions constitutes a Special Activities course. Call Kenmore 4690 to register for any session. Leaders may travel over with the local Scouts on winter camping days.

Course in General Training

An important course in general training will be given at 87 Beacon street, Boston, by Miss Helen E. Potter, Massachusetts State Director. It will begin on Thursday morning, January 18 and will continue for eight lessons of two hours each. The time will be 10:30 to 12:30 each time and the fee will be \$1.00. The class will be limited to twenty-four members. New leaders and old leaders who have not taken a recent course locally take advantage of and register early.

This general course is a basic training which should be taken by all who are working with troops. It is meant for captains and lieutenants, both those with new troops and those with old troops as well as those who have been in the movement longer and need fresh inspiration and enthusiasm.

The course outlines the program as a whole—from Brownie to the work with the older girl—with especial emphasis on the patrol system; the methods of teaching and testing Tenderfoot; second class and some first class; program planning; nature lore and woodcraft; simple hiking; singing, games and handicraft.

The course given last spring locally by Mrs. Towne was similar in content to the above.

On Tuesday, January 16, Miss Ruth Stevens, regional director for New England, will conduct a Round Table Conference for council members at Winchester.

The class in English Dancing will meet at 8:00 on January 18.

Troop News

Some of our troop reporters are still suffering from vacation. Wednesday evening is the deadline and

several reporters are failing to get current news in.

Troop 1 enjoyed a very nice meeting on Monday with acting captain Mrs. James Boyd, Jr., Mrs. Towne and Lt. Mary MacGillivray. Lieutenant MacGillivray conducted the opening ceremony and classes were held in signalling, nature and tenderfoot. One new Scout was invested by Mrs. Towne, Eleanor Rinehart. The troop is now filled with its quota of thirty-two girls. The candidate group will meet with Captain Boyd during the week in preparation for investiture next Monday.

Seventeen Scouts are registered so far for 1934 in Troop 3. The troop now includes the following personnel: Captain Mrs. Amy L. North, who is also lieutenant in troop 13; Lieutenant Alice Frost, formerly captain of troop 3; and the following Scouts: Jeannette Briggs, Ann Carrens, Marion Douglas, scribe, Marion Fillmore, Jeanne Garcelon, Ann Horrigan, Phyllis Irwin, Dorothy McLeod, Mary Pratt, Claire Coleman, reporter; Phyllis Cummings, transferred from Winchester; Dorothea Haubner, Marion Hayes, treasurer; Margaret Highland, Muriel MacDonald, Mary Preston and Frances Tobin.

Eleanor Hughes is assisting with First Class work in troop 3.

Troop 4 was visited by Mrs. Towne on Wednesday. The troop is closed for the present, there being no vacancies for new scouts. Girls in troop 4 having friends wishing to enter Scouting are asked to have them report to troop 14 in the Hardy School on Monday afternoons.

Troop 5 athletes are meeting with Miss Parks at the Parmenter school gym during troop meeting time on Wednesdays.

Troop 6 enjoyed a very interesting and instructive visit to the local telephone exchange on Medford street last Tuesday evening. Through the courtesy of Mr. Beady the girls visited the basement rooms where the mechanical devices are installed and operated.

Next Tuesday the group hopes to visit a radio broadcasting station. Tentative plans call for a seven o'clock meeting at headquarters and a trip into Boston by street car. Katherine Blasdale and Lieutenant Martha Barr are instrumental in arranging these extra visits.

Miss Edna Rawlings, formerly of Cambridge and a Scout captain, registered with troop 6 on Tuesday evening. Miss Rawlings has been in Scout work for a number of years and hopes to be in active troop work in Arlington. She is employed at the Perkins Institute for the Blind.

Ruth Dallin and Martha Brown of troop 13 are assisting Captain Hoffman in troop 7 this year. Mrs. Curtis is teaching nature work.

Troop 8 has registered for the Needlework Guild for 1934 and plans to make complete layettes of 22 garments. The troop committee members will assist.

Troop 9 girls have joined the Needlework Guild and are planning to make baby garments. The troop has re-registered at National Headquarters for 1934 with a full troop. Observation was passed at troop meeting. Mrs. Soderquist is continuing the hostess class and classes are being held in first and second class signalling. Dorothy Sutherland accompanied the singing last week.

Patrol Leaders for troop 10 were appointed last week as follows: Patrol 1, Louise Donahue with Ruth Higgin as aide; patrol 2, Phyllis Heslin with Mary Paterson as aide; patrol 3, Marion Blaser with Esther MacDonald as aide; patrol 4, Louise Hall with Helena McLean as aide; patrol 5, Betty Stevenson with Margaret O'Neill as aide. The classes in Nature and First Aid began last Monday with Miss Alice Homer and Mrs. Helen Gleason.

Troop 13 sewed for the Needlework Guild at Virginia Hoffman's home on troop meeting night. Twenty-six girls were present.

Troop 14 girls are working on observation now and will complete the requirements next Monday. On that date, Captain Mead, with her patrol leaders, will visit troop 10 at the Old Town Hall. Lieutenant Briggs will be in charge of the troop meeting and Mrs. Towne will visit the troop.

During the absence of drum major Eleanor Hughes last week, Jean Hamilton, bass drummer, commanded the drum corps, while Frances Griffin, drummer, substituted at bass drum position. A frequent visitor to

Arlington Kiwanis Club
Meets Every Thursday Noon
at Wyman's Tavern

The Arlington Kiwanis Club got off to a big start under the new officers yesterday, with President "Al" Cowie presiding, supported by "Jim" Keane, vice president.

Our new sergeant-at-arms (collection department) strong-handed Ambrose Gott, with the able assistance of "Lou" Doctoroff, relieved some of the members of a little of their precious metal.

Our new quartet—"Doc" Barstow, tenor; Parker Wood, bass; F. P. Hawkes, alto; Walter Chamberlain, soprano; accompanied by Ray Mauger, our enthusiastic and very energetic piano wrecker, rendered or tore apart "Drink to Me Only With Thine Eyes."

It seems that our good member, Jimmie Holt, has been listening to Buck Rogers a little too frequently—he dated his attendance slip far into the next century.

It is with the deepest regret that we learned today of the death of the seven-year-old son of one of our members and vice-president, Elmer Anderson. We all extend to him our heartfelt sympathy in his great loss.

Miss Grace Pierce supervisor of music in the Arlington schools, asks for the support of the club in the forthcoming concert to be held in the Town Hall next Sunday by the Arlington Community Symphony Orchestra.

Yours truly,
The Publicity Committee

A GREATER NEED

The Boy Scout drive for funds begins next week. The workers in it are representative citizens.
"Boy Scouting must carry on," they say.
Why do these men believe this statement? Believe it so strongly that they contribute their own time, their effort, and their money and ask like contributions from their friends?
Anyone who has had a Scout in his family can answer this question, partly at least. In general, scouting has meant for the boy increased health, added abilities, and a profitable use of his leisure time. There have been happy days spent in the open, in camp or on hikes—adventures in woods and fields that town boys of today who are not Scouts too seldom seek.
When the boy became a tenderfoot he learned certain things; before he received his second class badge he learned more, and for his first class, still more. If he went on to become an Eagle Scout, the badges massed on the sleeve of his uniform, attested the variety of subjects he had studied.
This does not mean that he became an expert in these subjects; it does mean that he learned something about them, enough, perhaps, to put to some practical use. Many of us can recall instances where First Aid, learned in Scouting, has saved lives. Certainly, this venturing into many fields does for the Scout the same thing that the junior high school does, and does it more thoroughly—gives him an opportunity to test his ability and to find in what direction his talents lie. Finally, it may help him to find the particular place and the work which is fitted for him so that all his life he will not be a square peg in a round hole.
The Scout code of honor will influence him through life. It will make of him a valuable citizen—straightforward, sincere, honest, persevering, kindly, and with a habit of helpfulness acquired through the doing of a kind deed daily.
These are some of the things that make scouting seem worth while to those who have had scouts in the family. They are the things that made it important even in the days of our booming prosperity.
Now in the days of the depression there are still other reasons why it is important. There is greater need of all the opportunities that scouting offers. Evidence of this need is found in the fact that not only have we more criminals but our criminals are younger.

This point was stressed by Colonel Theodore Roosevelt in his broadcast in behalf of the Mobilization for Human Needs.
"In this country the cost of crime to the taxpayer approaches the cost of the entire public school system. I believe in the efforts to reform the criminal, but I believe a thousand-fold more in work to prevent a boy becoming a criminal. Every day I hear of young fellows who have drifted into crime because all other avenues seemed closed to them.
"We must keep the body from starvation, but we are treating men like animals if we feel this is all that is necessary. The difference between a man and an animal is that one has a body alone and the other has a body and soul. The future of our country is bound up even more in the souls of our young people than in their bodies. Now more than ever our task must be to provide for the young people in this time of stress something that will carry them through with their ideals untarnished. We must make them realize that they are necessary to the country.
"Government cannot do it. It must be private endeavor. Part can come from the actions of individuals on individual cases that come before them. Most must be done through the great agencies, such as the Boy Scouts, the Girl Scouts, the various Y's, Camp Fire Girls, Boys' Clubs, and kindred organizations. We must maintain them."
We could wish nothing better for Arlington than a Scout organization which would not only ensure for every boy in town the benefits of scouting, but would also make possible a continuation program through which the older boys might both help their younger brothers and also work for the betterment of the community.
Contributions made during this drive will render certain a continuation of the present program. More contributions and larger contributions will secure the extension of scouting's benefits.

Wood's Timely Appearance Saves Harrison's Life

Henry L. Harrison of 10 Gould road owes his life to the timely entrance of Leonard Wood of Hutchinson road into the garage at 11 Pelham terrace where Mr. Harrison was already unconscious from the fumes of carbon monoxide.
Mr. Wood went to the garage last Saturday night to take out the auto belonging to his aunt, Miss Grace Parker. When he opened the door billows of gas and smoke rolled out and he heard an engine running, that of the other car kept in the garage, he realized. In the darkness he made his way to the car, searched the front seat, found no one there, shut off the engine, which was, however, so hot that it continued to run.
Unable to find the light switch, he opened wide the other doors of the garage and called to Ernest R. Moore, who lives upstairs at 11 Pelham terrace, and who had come to see what the trouble was, asking where the switch was. Mr. Moore turned on the lights, but no one could be seen in the garage. Still puzzled, however, Mr. Wood got on his hands and knees and looked under the car where he found Mr. Harrison, who apparently had been working on his car, and who was then unconscious. He pulled him out and carried him to the driveway while Mr. Moore put in an emergency call to the police.
The telephone operator put the call through in record time and the police ambulance, followed by the emergency fire truck and by two scout cars, was on the scene almost at once. Mr. Wood, however, had already applied first aid and the man had begun to breathe. He was given oxygen at once and was taken to the Symmes Arlington Hospital where his recovery was completed.

MISS TRUE GIVES RECITAL IN BOSTON PUBLIC LIBRARY

Miss Helen True of 125 Pleasant street gave a recital of German, French and English songs last Sunday evening in the Boston Public Library. Miss True's sweet voice and charming personality combined to make the program an especially enjoyable one. The audience was very appreciative and forced Miss True to give several encores. Mrs. Edwin L. Allen of Woodland street acted as her accompanist.

Arlington Women Sing in Federation Chorus

In the Federation Chorus which sang last Saturday night at the Copley Plaza were Mrs. Ernest Brooks, Mrs. J. J. Donahoe, Mrs. Llewellyn Evans and Mrs. Herbert Snow. Among the many Arlington people in the audience were Mrs. Edith M. Thomak, Mrs. Edwin L. Allen, Mr. Snow, Dr. Brooks, Miss Bernadine Brooks, Miss Virginia Brooks, and Leonard Wood.

Here and There

The Boston American was kind enough to recognize the sixty-second anniversary of the Arlington Advocate with a short notice this week. The article stated that the first issue of the paper was on January sixth, 1872, and was introduced by the late Charles S. Parker in his triple capacity of editor, publisher and business manager.

All of that is substantially correct, but in the interest of accuracy we would make one or two corrections. The first real issue of the Advocate was, in truth, January 6, 1872, but it was preceded in December by an introductory publication which was distributed to every home in the town. The American also made a very common mistake. It is generally believed that Charles S. Parker was the founder because he came into the business at a very early date and continued in active editorship nearly up to the time of his death at eighty-nine years.

But his brother, John L. Parker, was the pioneer and promoter. He started the Arlington Advocate and the Lexington Minuteman along with a number of others. Charles S. came up from Newark, New Jersey, where he was in the advertising business, to manage the two papers mentioned and later he purchased them.

That nearly finishes the corrections, but when the American said "triple capacity of editor, publisher and business manager" it was making a bad understatement. In the early days Mr. Parker was publisher, business manager, editor, reporter, compositor, pressman, book-keeper and errand boy. But later he had plenty of help from his family. His son, Edgar D. Parker, worked on the paper as soon as he was able and soon assumed the duties of running the Lexington Minuteman as well as junior editorship of the Advocate. Miss Grace Parker was connected with the Advocate until recently. During her father's illness and after his death she managed and edited the paper until it was bought by her brother-in-law, Harold B. Wood. In fact, she is still one of the best reporters on the staff even though her remuneration is simply the satisfaction of making the Advocate a better paper.

And the Advocate still goes on in the same family, but there have been a number of changes up in Lexington. Mr. Parker operated the Lexington Minuteman for more than fifty years, but in the latter years of his life he sold out to the Lexington Times, and the Times became the Times-Minuteman. Another paper called the Lexington Townsman was started after the Times-Minuteman changed hands and it was not long before the powerful newcomer absorbed the old-timer. But the new management did not call its paper the Lexington Townsman—Times-Minuteman. The first two names were discarded and the original retained. Thus the Lexington Minuteman is again the only paper in Lexington.

The ladies who attended a recent meeting of the education department of the Arlington Woman's Club heard a good story. It seems that a Greek woman was advised by her friends to take up the study of English because her children, who attended the American public schools, were all speaking English and growing away from her. But she said she was too old and "too dumb of the head."

But later she was visiting a friend in the kitchen when the other woman poured some milk into a dish and called, "Come, kitty, kitty, kitty." Kitty came on the hot foot from another part of the house. The first lady said, "Well, if a cat can learn English, I can." And she did better than the cat, for now the same woman is teaching English and says that she will go to school for the rest of her life.

There was a remarkable picture in the Boston Herald Sunday. It depicted a veritable Niagara of beer being poured out of a dormer window of a house in Dorchester, or Roxbury, or somewhere. The story said that the police worked frantically to save four sleeping children from being crushed to death by the walls and ceiling which threatened to give way under the weight of the 26,000 gallons of beer. We don't know much about such things, but it seems as though the officers might have saved themselves a nervous breakdown if they had simply removed the children from danger.

One of the ladies who is selling tickets for the concert of the Community Symphony Orchestra which is to be given Sunday afternoon at four o'clock says that she has run into several people who would not purchase tickets because they objected to entertainment on Sunday.

We hope that we have not misled anyone. The concert is designed for entertainment, we admit, but we trust that people will not expect to see a burlesque show. MacDowell uses a good bit of syncope in his concerto which John Gruber will play with the orchestra, but there will be positively no jazz and no dancing girls. The nearest approach to a costume will be the cutaway worn by the conductor, and there is nothing funny about that. It is a good cutaway.

As a matter of fact, one of the numbers on the program, the Wagner, has a distinctly celestial flavor. It is a musical description of the descent of angels to earth bearing the Holy Grail and their return to heaven. We venture that your pastor would say that a visit to the Town Hall Sunday afternoon would be a very good thing for the soul. SOPHISTICATED ONLOOKER.

Few institutions came out of the real estate collapse of ten years ago so little harmed as the Arlington Five Cent Savings Bank.

Mr. John H. Hartwell has taken desk room over Mr. Stickney's hardware store, and will devote himself to his undertaking business. Trained up in this profession, we should think he might do better by fitting up a place on the ground floor for the manufacture of caskets, etc. If he does not, it is highly probable that someone else will.

Installed the new officers of Francis Gould Post 36, G. A. R., Thursday evening in the presence of almost the entire membership. The following is the list: Commander, Horace D. Durgin; Sr. Vice-Com., Nathan Nourse, Jr.; Jr. Vice-Com., E. A. Jacobs; Quartermaster, James A. Marden; Adjutant, James A. Blanchard; Chaplain, Albert W. Cotton; Surgeon, George F. Hollis; Officer of the Day, Major Bacon; Officer of Guard, Sylvester C. Frost; Sgt. Major, William S. Wood; Q. M. Sgt., W. H. Bartlett. An interesting feature was the presentation of a rich gold badge to retiring Commander John H. Hardy.

The Law & Order League has nothing to do with the question of license or no license. Its purpose is to aid in enforcement of the present laws. It has work to do in places like Boston and Cambridge, where licenses are granted, as well as in towns and cities where no licenses are granted.

PEACE
So oft I dream and dream how lovely it would be, If people everywhere lived in tranquility.
I can't believe it's any part of God's great plan, That life should be turmoil and war for every man.
If hatred, envy, strife, desire for power, would cease, And Golden Rule prevail, the world would be at peace.

A Vote of Thanks
Arlington, Mass.
January 6, 1934.
Arlington Advocate.

Dear Sirs:
Mr. E. J. Jenkins, a local business man and long resident of Arlington, has been tireless in his effort to lessen the suffering of the ducks at Spy Pond.

Every day he gets bread from the Paradis Brothers' Lunch Room. Hardy's bake shop and has collected many Christmas trees, which he has taken to the pond for protection of the ducks. I think he deserves a vote of thanks, don't you?
A Resident.

An Expression of Thanks
The success of the recent production of the Messiah by the Mystic Choral Society December 24th, was due largely to the wonderful work of Mr. Arthur B. Keene, conductor. Mr. Keene's work is always dignified. His genius lies especially in his ability to evoke a musical tone quality from the chorus.

The soloists did splendid work. Mr. Kidder, the only soloist from Boston, has the true spirit of Handel in his conception of the bass role. The orchestra added much to the beauty of the production.

I wish to thank the members of the chorus for their splendid work; also the members of the Handel and Haydn Society who so kindly assisted. Praise is also due the churches for their wonderful co-operation which resulted in such a splendid and inspiring audience.
Mrs. Edwin L. Allen.

Library Report Reflects Economic Conditions

The report of the Robbins Li-
brary for the year just ended
shows, according to the librarian,
Mrs. Lucinda F. Spofford, the ef-
fect of current economic condi-
tions, both in the fewer purchases
possible and in the increased de-
mands by readers. Indeed, the in-
creased use of library facilities has
come to be accepted as normal.

During the year there was a gain

Gifts to Library

That people have been mindful
of the library needs is shown by the
gifts which it has received during
the year. These gifts, although
not large in amount, bespeak a
feeling of good will, interest and a
knowledge of the real purpose of
the library.

Mrs. Arthur Wellington presented
a pair of wrought iron andirons,
the Garden Club a Christmas
wreath, Christmas tree and many
beautiful and unique floral decora-
tions, also five dollars for the pur-
chase of garden books.

The Women's Club presented a
pair of andirons for use in the Jun-
ior Library Hall, and a pair of or-
namental iron plant containers
which are fastened to the light
poles at either side of the library
entrance. In summer they are
filled with growing plants and in
winter with evergreens.

The Art Committee of Women's
Club has been responsible for three
Art Exhibits during the year. They
exhibited oil paintings by Donald
Knowles, or Brookline, and Charles

Merton of Arlington, and water
colors by Arthur W. McMurtry of
Cambridge. There have also been
exhibits of stamps, ship models,
Girl Scout handicraft work, and
Junior High Industrial Art class.
An exhibit arranged by Mrs. Marion
Ford, Supervisor of Drawing, which
showed the work of Belmont, Lex-
ington, Somerville, Stoneham and
Arlington Art classes was largely
attended.

Gifts of books have been received
from the following: American Leg-
ation, Prof. Arthur Andrews, Arl-

Prof. Houghton to Conduct Musical Vesper Service

Prof. W. R. Houghton, professor
of Church Music at Boston Uni-
versity, will conduct a musical ves-
per service in the auditorium of
the First Baptist church Sunday
evening. Written commendations
of leading artists throughout the
world testify to the excellence of
Prof. Houghton's services and his
fine voice. To quote only one, Dr.
Ludwig Misch in "The Local An-
zeiger," Berlin declares his voice
to be of outstanding quality and
exceptionally well-trained. The
public is invited.

FORD PRODUCTION INCREASED 30% IN NEW ENGLAND

Due to the tremendous demand
for the new 1934 V-8 Ford Cars and
Trucks, the Somerville Branch
found it necessary to step up pro-
duction 30% for the balance of Jan-
uary. The majority of the increase
was for DeLuxe Tudors, Fords,
and Cabriolets.

It was pointed out by the man-
agement of the Ford Motor Com-
pany, of Somerville, that this in-
crease necessitated a total of an ad-
ditional 35,200 working hours dur-
ing the month of January. It was
also stated that Ford dealers were
in a position to make immediate de-
livery on all types of passenger cars
and trucks.

WHAT CONSTITUTES A GOOD PERMANENT WAVE?

- There are three things. Here they are in the order of their importance:
1. The skill, experience and reputation of the operator.
 2. The quality of supplies used.
 3. The individuality and fashion.

After years of specializing our conviction is that 80% of the success of a permanent depends upon the skill of the operator. When you buy a permanent the price depends upon the skill or lack of skill of the operator.

The eventual effect upon hair of inferior supplies is very marked — sometimes dangerous. The immediate effect is slight. The real effect noticed only after a period of time. We are often asked to "do over" hair that has been waved with inferior supplies. Individuality and Fashion are Edith Hine Fetishes.

87 women have had Edith Hine Kurls in the past 10 WEEKS. Why don't you come in for your winter Permanent? Or have just the ends Permanently curled.

House and Garden Harmony Topic at Garden Club

"House and Garden Harmony" was the topic of the talk given by Mrs. Everett Willis, former president of the Brookton Garden Club, at the meeting of the Arlington Garden Club held Wednesday afternoon in Junior Library Hall.
A donation was voted to aid in the elimination of billboards and two years' subscription to Better Homes and Gardens was given to the Robbins Library. Mrs. Herbert Stephens is making a book plate to put in the books which the club gives to the library. Mrs. Robert Parmenter, the president, spoke of the joy with which the plants distributed to the shut-ins at Christmas time were received.

Mrs. Stiff Tells Life of National President

At the meeting of the W. C. T. U. which was held Wednesday afternoon at the First Baptist church, the president, Mrs. Winifred Stiff, outlined the life of the national W. C. T. U. president, Mrs. Ida B. Y. Smith. Mrs. James Yeames, one of the oldest members, was present at the meeting. Refreshments were served by Mrs. John Blevins and Mrs. Ada Ganong.

Anonymous Complaints Received by Council

The Arlington Welfare Council has been receiving anonymous letters containing complaints about "unworthy recipients."
This is just the type of criticism which the Council welcomes, but the manner in which the letters are written, that is, without the complainant's signature, makes it impossible for the Council to reply. Suggestions or criticisms are treated with the utmost confidence.
In the hope, however, that this information will reach the parties concerned, we might mention that in every case where anonymous complaints have been made, the families mentioned have not been receiving aid from the Council.

Dr. Tolman Leaves Money To Arlington Institutions

Dr. Julia Tolman, whose will has been filed for probate this week, left \$1,000 to the Orthodox Congregational church together with her library, with the exception of her medical library which goes to the Boston Medical Library. She also bequeathed \$500 to the Symmes Arlington Hospital and \$100 to the Arlington Visiting Nursing Association.

Other bequests were \$500 each to Palmer Memorial Hospital, New England Women's and Children's Hospital and the Lincoln Memorial University, Harrogate, Tenn. After bequests to relatives the residue of the estate is to be divided among the American Board of Commissioners for Foreign Missions, Congregational Home Missionary Society, Berea College, Berea, Ky., and Billings Polytechnic Institute, Billings, Montana.

BOARD OF SELECTMEN ENDORSE MEMBERSHIP DRIVE

(Continued from Page One)
Week" will be a nation-wide observance designed to acquaint the public in general with the history, purposes and activities of the organization.

A series of 5-minute radio addresses is to be broadcast from virtually all of the approximately 650 radio stations in the country, while similar addresses will be given before thousands of civic groups, business clubs, and other organizations. Commander Williams wants to thank Wm. E. De Croteau, manager of the Regent Theatre and Mr. Harrison, manager of the Capitol Theatre, for their cooperation in making possible their 1775 success in the drive.

"We are particularly eager to make it generally understood that "Veterans" do not constitute a special group or class," said the commander.

"Veterans are people—voters—and taxpayers.
"Veterans are lawyers, business men, and farmers. They are to be found in every walk of life and in every profession.

"The welfare of the veteran is inevitably the welfare of the people as a whole, not only because he is an integral part of the people, but because a real democracy cannot continue to exist unless each of its component parts is eagerly considered in all matters of justice and well being."

Legislative measures to be submitted to Congress this session by the V. F. W. include bills making the federal government responsible for the care of disabled and needy veterans. These include adequate relief for veterans suffering from injury or disease incurred in actual war service; relief for all veterans who are no longer able to carry on by themselves; relief for the widows and orphans of all veterans; repeal of the Economy Act, and immediate cash payment of adjusted service certificates.

Other subjects to be discussed at the Post's next regular meeting next Friday at G. A. R. Hall will include "Comradeship", "Americanism", "The Veteran and National Recovery", and "The V. F. W. National Home".

Elect Council Representatives

At the last regular meeting a group of recruits was obligated into membership. The post also elected Commander Chester Williams, Sr. V. C. Joseph Peterson; Jr. V. C. M. J. Geary, Past Com.; George Dassios and Fred Colp to represent Arlington Post 1775 in the "Arlington Veterans Council", an organization founded last year. Francis Fawcett was elected trustee for 18 months. The Post voted to sponsor a show some time in April.

The Ladies Auxiliary served refreshments at the close of the regular business.

Plans are being made to obligate a large group of recruits at the next regular meeting. For complete information about membership call M. J. Geary, Arlington 1036-R, Chairman of Membership Committee.

State of Mind Better Says Miss Eunice Avery

In her lecture given Wednesday morning in the vestry of the First Parish church, Miss Eunice H. Avery took as her subject, "The Turn of the Year." Reviewing 1933, she found the state of mind better than a year ago and also the actual report of world conditions better. England's heavy industries have picked up more than ours, and with a balanced budget, she is now arguing over taxes and restored cuts. In America, an experiment in social justice is being tried, as in Russia, but our experiment is more representative of the Western world and the effect will be permanent on other nations.

Miss Avery deplored the school record of our country during the last year, saying over 2,000,000 children in the United States were out of school. She made a plea to the women, who are a powerful influence, to do something drastic about the school situation, for the future of America.

The next lecture will be January 24th at 8 p. m. on "American Agricultural Problems."

Stroller Needed

The Arlington Welfare Council is urgently in need of a stroller. A contribution of this type would be greatly appreciated by the recipient who, we know, cannot afford to purchase one.

Operator's Skill Makes Permanent a Success

It is upon the skill of the operator that eighty per cent of the success of a permanent wave depends, according to Edith Hine, consulting beautician, whose establishment is in the post office building at 691 Massachusetts avenue. The other twenty per cent depends upon the qualities of the supplies used and the individuality and fashion of the curl.

While the immediate effect of inferior supplies upon the hair is slight the final effect is very marked, sometimes dangerous. At the Edith Hine shop, there can be no question of quality. Nor can there be any question of individuality and fashion since these are two of its specialties.

Woman's Union Hears West African Speaker

The Woman's Union of the First Baptist church held its January meeting on Monday afternoon, in the chapel of the church. The speaker was Simeon Bankole Wright of Free-town, British West Africa, a student at Andover-Newton Theological Seminary who is preparing himself for Y. M. C. A. work in his native land to which he expects to return soon. He gave a very interesting talk on the customs, religions, missions, family life and the status of women in Africa.

Mrs. Eva Mellen added to the program with several selections which were very well received. The following were the hostesses from the Bartlett Avenue Group: Mrs. Arthur Stevens, chairman; Mrs. A. Landers, Mrs. Herbert Munroe, Mrs. Harry Smith and Mrs. Marcus Sorensen. The guests of the afternoon were the women who have become members of this church during the year.

Study Club Members Hear Cathedral Descriptions

The January 9th meeting of the Arlington Heights Study Club was held at Hamby Hall.

In the business meeting Mrs. George Parker gave a report of the most recent Club Institute meeting at the Boston Y. W. C. A., and as chairman of the Scholarship Bridge which is to be held on the afternoon of Tuesday, January twenty-third at the Park Avenue Parish House of the Congregational church, asked the help of the club members in the sale of tickets.

Mrs. Arthur Covell spoke briefly of the English Gothic Cathedral of Canterbury and Durham, the latter having been built for defense as well as for worship, and then gave a vivid description of Ely Cathedral with its Norman and early English facade, its fan vaulting and its lantern tower, unique in the world of architecture.

Louise Lester, accompanied by her mother, Mrs. Horace Lester, played two flute solos—Handel's Largo and Minuet by Bizet.

Mrs. Cyrus Dallin related the story of St. Ursula, the Saxon maid who suffered martyrdom for her faith in Cologne.

Mrs. David Dill spoke on German Gothic, using as an example the Cathedral of Cologne, repository of the sacred relics, the bones of the Magi, with its beautiful south facade; its towers, the loftiest in Europe; its great bell and lovely windows. As further examples of the German Gothic, Mrs. Dill described the town hall on Rathaus of Cologne and Goslar. Both talks were illustrated by beautiful pictures from the Boston Art Museum, and were of especial interest because both ladies had visited the places which they described.

Tea was served by the Hospitality committee, assisted by Mrs. Verne Q. Powell and Mrs. J. P. Walstead.

Arlingtonians Elected To Caspy Club Offices

At the annual meeting of the Caspy Club at the Twentieth Century Club of Boston, last Sunday, a number of Arlington members were elected to office. They were Miss Helen J. Quinn of 35 Franklin street, treasurer; Miss Thelma King of Scituate street, secretary; Miss Dorothy Friery of 88 Highland avenue, chairman of membership. Miss Marie Rasmussen of Warren street is chairman of the Valentine Costume Party which will be held at Wyman's English Tavern on Tuesday, February 13.

Tells Crosby P. T. A. of "Children and Movies"

The Crosby Parent-Teacher Association meeting held Wednesday evening proved to be of unusual interest. Miss Dorothy Robinson gave three readings which were received with hearty applause.

Mrs. Owen's talk on "Children and the Movies" might well make parents think before allowing their children to see the usual run of films. A few of the facts given were that every week 50 million people in this country attend movies; 28 million under 18 years; 11 million under 11 years; and of this 11 million, 8 million go alone! What do they see? Of 500 pictures released in 1930, 72 per cent were crime, sex and cheap romantic love; nine per cent, war or mystery, making 81 per cent unfit for children. Not until parents stop box office receipts will better pictures be shown.

FIRST PARISH CHURCH HAS NEW YEAR'S PARTY

The First Parish church held its annual New Year's party last Friday evening. The delicious turkey dinner, which was enjoyed by two hundred, was followed by an old-fashioned entertainment, "A Visit to Aunt's", for which Mrs. George Winn provided many fine old costumes. Miss Julia Redmond sang solos, Prof. Weltman played violin solos, Mrs. Ruth Fuller read a one-act play, and Jean Mark, Jean Long, Doris Webster and Marjorie Traverser danced a minuet. Among the others who helped to make the occasion a success were Mrs. Emma Sprague, Mrs. John N. Mark, David Buttrick, Ralph Tucker and Mrs. Amy B. Schwamb.

Rev. L. J. McCann Speaks To St. Malachi Court

St. Malachi Court No. 81, M. C. O. F., held its regular meeting Wednesday evening in A. O. H. Hall on Chestnut street. There was a large attendance of members and a class initiation of new members was held. Rev. Leo J. McCann was the guest speaker and gave a very interesting talk on the Order. Many matters of importance were discussed and Mrs. Agnes O'Brien was elected chairman of the committee to take charge of the annual banquet to be held in March.

Plano solos were rendered by Miss Marie Rasmussen, song and dance numbers by Miss Evelyn Giles, fancy dance numbers, including a buck and wing dance, by Frank Ahern. Plano solos were also given by John Burke of Dorchester, member of the James Michael Curley Court, M. C. O. F. of Boston; solos by Mr. Gerald Callahan, and vocal solos by Patrick J. Cunneen.

Refreshments were served after the entertainment and general dancing followed.

Mrs. Nellie A. Crowley was chairman of the committee, assisted by Mrs. Agnes O'Brien, Mrs. Margaret Canniff, Mrs. Kathleen M. Cunneen, Miss Margaret Canniff, Miss Marion Noone, Mrs. Margaret Dolan, Mrs. Margaret Coyne, Patrick J. Cunneen and Daniel Barry.

SEARCHLIGHT CLUB HEARS TALK BY JAMES H. POWERS

The Searchlight Club held an open meeting yesterday afternoon in Robbins Library Hall. Mrs. Curtis Waterman occupied the chair and introduced the speaker, James H. Powers, foreign editor of the Boston Globe. Mr. Powers was thoroughly conversant with his subject, "Our Policies in the Pacific" and his address was a very lucid account of the troubles that have arisen among western nations and among oriental nations. He showed that economic pressure, greed and avarice have been the cause of the world since the days of Hannibal.

DEATHS

MRS. EDWARD D. HOOKER

Mrs. Ida Brown Hooker, the widow of Dr. Edward D. Hooker who was for many years one of Arlington's well loved physicians, occurred Tuesday afternoon at the home of her daughter, Mrs. John E. Wilson, in Hallowell, Maine. She had been ill for a long time.

Mrs. Hooker was born in Bridgton, Maine, July 9, 1865. She was a graduate of Bridgton Academy and taught there after finishing her studies. In Arlington, the family home was on Pleasant street and was the scene of much pleasant hospitality. Mrs. Hooker was a talented reader and wrote monologues in which she depicted the characteristics of Maine people. Her readings were a feature of the meetings of the music society made up of Arlington women. She was a member of the First Parish church and was active in Girl Scout work.

Surviving her are five daughters—Mrs. Stuart C. (Louise Spofford) Rand of Belmont; Mrs. F. Rodney (Anna) Paine of Duluth, Minn.; Mrs. John L. (Martha) Washburn of Tryon, N. C.; Mrs. Wilson (Josephine) and Mrs. Thomas (Rebecca) Flint of Concord. Mrs. William E. Wood of Winchester, formerly of Arlington, is her first cousin.

The interment service, which will be private, will be held Sunday morning at the Mt. Auburn crematory chapel with Rev. John Nicol Mark, minister of the First Parish church, officiating. Sunday afternoon at four there will be a memorial service in the Belmont Episcopal church. This will be conducted by Mr. Mark and Rev. Frederic Gill, minister emeritus of the First Parish church.

She had lived in Arlington twenty-three years. Besides her husband, she is survived by three daughters—Mrs. E. W. Pimm of Billerica, Mrs. W. A. Batchelder of Holden and Miss Mildred Lovejoy of Arlington.

Funeral services will be held this afternoon at two at her late home with Rev. J. Harold Dale of Billerica officiating. Burial will be in Lynnfield.
